## ***Prepare to Work Safely in The Construction Industry (Whitecard)***

### **COURSE OVERVIEW**

- This course provides the Workplace Health and Safety (WHS) outcomes for induction to work safely in the construction industry and specifically on a construction site. This program is suitable for anybody in any industry who needs access to a construction site.

- Unless you complete this national training program and gain the Construction Induction Card, you will find it very difficult to work or gain access to a construction site. The course will suit all construction and trade workers, civil construction workers, delivery drivers, site security officers and those who want to start a career in construction.
- You will gain a broad introduction into how to work safely on site.
- The course is fully accredited nationally recognised training.

**AUSTRALIAN COLLEGE OF SKILLS AND EDUCATION**

## COURSE ENTRY REQUIREMENTS

- State and Territory licensing requirements apply to this course
- 100 points of ID is required to attend this course. You can ask our staff for a NSW SafeWork Evidence of Identity Sheet if you are unsure about what makes up 100 points. The ID must be must be sighted prior to you commencing the program.
- You must be at least 14 years of age.
- You must wear enclosed footwear at all times while training with us.
