DIPLOMA IN ACCOUNTING

COURSE OVERVIEW

- This qualification reflects professional accounting job roles in financial services and other industries. Individuals in these roles apply solutions to a range of often complex problems, and analyse and evaluate information from a variety of sources. They apply initiative to plan, coordinate and evaluate their own work and guidance to others within defined guidelines.

- Work functions in the occupational areas where this qualification may be used are subject to regulatory requirements. If licensing in another state other than NSW is required, please check requirements with the
- This course is fully accredited nationally recognised training
- The duration of the course is 12 months self-paced, including all learning and assessment activities. However, it is anticipated that the course length will vary with regard to individual client's level of expertise and time dedicated to study. As a guide, given the total number of units in the program is 11, students should aim to complete and be assessed in 1 unit per month. To do this, students will be required to study at least 20 to 25 hours a week or 100 to 125 hours a month.
