

HLTAID004

Provide an emergency first aid response in an education and care setting

COURSE OVERVIEW

- This unit of competency describes the skills and knowledge required to provide a first aid response to infants, children and adults. It applies to educators and support staff working within an education and care setting who are required to respond to a first aid emergency, including asthmatic and anaphylactic emergencies.
- This unit of competency may contribute towards approved first aid, asthma and anaphylaxis training under the Education and Care Services National Law, and the Education and Care Services National Regulations (2011).
- The course is fully accredited nationally recognised training.

AUSTRALIAN COLLEGE OF SKILLS AND EDUCATION

COURSE ENTRY REQUIREMENTS

- We recommend year 10 school completion or equivalent as a guide to the level required for this course, but participants must have Sound, Language, Literacy and Numeracy skills.
- We ask that you wear clothing that is comfortable and not too restrictive to allow you to comfortably perform CPR and other practical activities.
- You must wear enclosed footwear at all times while training with us.

DURATION & ASSESSMENT

Course duration:

- Two days (7 hours each day), plus Pre-course theory assessment

Our course includes 3 components:

- Pre-course theory assessment (approx 8-10 hours)
- Face to face delivery for practical and theory assessment
- Assessment for both knowledge & skills

POTENTIAL CAREERS

- This program has a very broad application in all sectors of the community and all workplaces and industry. It does not directly lead to a defined employment outcome in its own right, but is a component of a set of skills that can lead to employment or assist with maintaining conditions of employment.
- For example, all teachers and childcare workers and educators need to maintain currency, as do many other workplace First Aid and WHS positions.
